

# WHAT'S MY SHOE WIDTH?

You'll sometimes see a letter next to a shoe size. The letter represents width. Many dance shoes come in multiple widths because not all feet are the same.

## STANDARD DANCE SHOE WIDTHS

Generally, these letters indicate the width:

- **N** means *narrow*
- **M** means *medium*
- **W** means *wide*

For most feet, a *medium* width is what fits best. If you prefer a *narrow* or *wide* fit, then choose that option if it is available in the shoe you want.

## MORE DETAILED DANCE SHOE WIDTHS

Some shoes indicate a variety of extra width options using letters:

- **A** means *narrowest*
- **B** means *narrow*
- **C** means *medium*
- **D** means *wide*
- **E** means *widest*
